Georgia State University

2025

Full-Stack Development Certificate
Georgia Institute of Technology

2020

TECHNICAL SKILLS

Java | Python | JavaScript | SQL | Node.js | React | Express.js | Flutter / Dart | AWS | Git | REST APIs | Debugging & Troubleshooting

PROJECTS

AWS Cost Optimizer

Developed a serverless AWS cost analytics dashboard using Lambda, S3, and Terraform to ingest, process, and visualize cloud spending data.

RoamLog – MERN + AI Travel Planner

MERN travel planner with CRUD, auth/protected routes, Tailwind UI, and AI itinerary generation via Llama-3.3-70B (OpenRouter).

Beast Mode Fitness

Developed a cross platform fitness tracking mobile application using Flutter and Firebase with real time data synchronization, social features, leaderboard challenges, and progress analytics.

Vehicle Maintenance Tracker – Flutter

Flutter mobile app with SQLite-backed maintenance logging, relational schema design, and a clean UI for fast entry and review of service history.

WORK EXPERIENCE

Sales Associate, ACE Hardware
Roswell, Ga

Aug 2023 to Present

- Supported customers with product selection, troubleshooting, and DIY guidance to resolve issues quickly.
- Maintained inventory accuracy and processed transactions using POS/inventory systems.
- Strengthened problem-solving skills through identifying issues and helping customers find practical solutions.

Sales Associate, Staples
Alpharetta, Ga

Nov 2022 to Mar 2023

- Guided customers through services, promotions, and product options while maintaining a strong customer experience.
- Executed planograms and managed stock handling to keep shelves accurate and available.
- Enhanced communication and customer support abilities while resolving in-store issues.

Prep Manager, Del Sur Taqueria & Cantina
Statesboro, Ga

May 2020 to Jun 2022

- Built prep schedules and standardized workflows to support quality, safety, and on-time service.
- Trained and onboarded new employees, improving team efficiency and maintaining clear documentation of procedures.
