

NICK JOHNSON

Roswell, GA · 404-285-5444 · johnsonnick9006@gmail.com · linkedin.com/in/nick-johnson9006

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience building full-stack, cloud, and mobile applications. Skilled in developing scalable backend services, designing clean UI/UX in Flutter, and working with modern frameworks such as Node.js, React, and AWS serverless. Strong foundation in software engineering principles, debugging, API development, and database design, with a proven ability to deliver reliable, user-focused solutions through academic, personal, and portfolio projects.

EDUCATION

B.S. Computer Science, Georgia State University — December 2025

Full-Stack Development Certificate, Georgia Institute of Technology — 2020

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL, Flutter/Dart

Tools: Node.js, React, Express, Git, REST APIs

Systems: Linux (permissions, navigation, processes, shell scripting)

Abilities: Troubleshooting, debugging, documentation, app testing

PROJECTS

Vehicle Maintenance Tracker – Flutter

- Mobile app with SQLite-backed vehicle service logging and relational schema design.
- Implemented foreign keys, cascading deletes, and fixed SQL issues to stabilize the data layer.
- Built a clean, user-friendly interface for logging and viewing organized maintenance history.

CloudSentry – AWS Serverless Backend

- Serverless expense tracking backend using Cognito, API Gateway, Lambda, DynamoDB.
- Implemented JWT-secured routes and user-scoped transactions following AWS best practices.
- Designed modular, event-driven backend components for easy expansion and automation.

RoamLog – MERN + AI Travel Planner

- Full-stack travel planner with CRUD, auth, protected routes, and TailwindCSS UI.
- Integrated AI itinerary generation using Llama-3.3-70B via OpenRouter.
- Optimized queries and API responses for fast loading of trips, journals, and AI content.

WORK EXPERIENCE

Sales Associate – ACE Hardware (Aug 2023 – Present)

- Assisted customers with product selection, hardware questions, troubleshooting, and DIY guidance.
- Maintained accurate inventory records and operated POS/inventory systems to support daily operations.
- Strengthened problem-solving skills through identifying issues and helping customers find practical solutions.

Sales Associate – Staples (Nov 2022 – Mar 2023)

- Helped customers navigate services, promotions, and product options while maintaining a positive user experience.
- Organized store layouts following detailed planograms and ensured product availability through proper stock handling.
- Enhanced communication and customer support abilities while resolving in-store issues.

Prep Manager – Del Sur Taqueria & Cantina (May 2020 – Jun 2022)

- Created prep schedules, organized workflows, and ensured consistency in quality and safety standards.
- Trained and onboarded new employees, improving team efficiency and maintaining clear documentation of procedures.
- Managed inventory levels and verified accuracy during deliveries and stocking.
